

# **PEWAUKEE LAKE WATER SKI CLUB**

## **ACKNOWLEDGMENT OF POLICIES ADDENDUM**

I understand that being part of the Pewaukee Lake Water Ski Club is a privilege and not a right. As such, it is important that all members contribute to the common good of the club. While we all contribute in many different ways, there are some minimum standards of contribution that all members must meet. By signing this document, I acknowledge and agree to these minimums.

1. Each skiing member must provide a minimum of \$150 net profit fundraising revenue to the ski club per year. One half (\$75) must be collected by June 1. The full amount (\$150) must be collected by August 1<sup>st</sup>. If you have not completed these amounts by these deadlines, you cannot participate in club functions including ski practices and shows.

Fundraising activities can be (but are not limited to) the following: program ad sales, company or individual donations, raffle tickets etc.

For family memberships, there is a maximum cap of \$500 per family.

There is no fund raising requirement for non-skiing members.

2. All skiing members must attend the Spring and Fall work day or provide 10 hours of work for the club. This “work” can be (but is not limited to) the following: costume production, equipment repair, program layout and production, etc.
3. All skiing members must have completed their fundraising and work requirements for the current year before a membership application can be considered for the following year.
4. Pay annual club dues and USA Water Ski dues.

I understand that each year I must meet these minimum standards in order to be a member of the club.

All applicants under the age of 12 must have a legal guardian join PLWSC.

USA Water Ski Insurance is required for all members in PLWSC. USA Water Ski Insurance fees and their membership application must be sent directly to USA Water Ski. No one is allowed to ride in PLWSC boats or participate in club activities without paid PLWSC membership and USA Water Ski Insurance.

Signature on membership application page.
